HOTSPOT -

For each of the following statements, select Yes if the statement is true. Otherwise, select No.

NOTE: Each correct selection is worth one point.

Answer Area

Statements

Only one tag can be assigned to an Azure resource.

Tags can be assigned to Azure resources by using Azure Resource Manager (ARM) templates.

Tags can be used to enforce naming standards for Azure resources.

Yes

No

It doesn't mention anything about tags being used to enforce naming standards, I believe that would be policies, or not even that, just a good practice that MS recommends.
