Selected Answer: CD
CD is the answer.

<https://learn.microsoft.com/en-us/azure/azure-government/documentation-government-welcome>
US government agencies or their partners interested in cloud services that meet government security and compliance requirements, can be confident that Microsoft Azure Government provides world-class security and compliance. Azure Government delivers a dedicated cloud enabling government agencies and their partners to transform mission-critical workloads to the cloud. Azure Government services can accommodate data that is subject to various US government regulations and requirements.

Azure Government is a separate instance of Azure that is operated by Microsoft and is specifically designed to meet the needs of United States government entities and their contractors, as well as some other organizations with strict compliance requirements.
Customers eligible to use Azure Government include:

US Federal government agencies
US state and local government agencies
US government contractors and partners
