Actual exam question from Microsoft's AZ-900

Question #: 448

Topic #: 1

**[All AZ-900 Questions]**

HOTSPOT

-

For each of the following statements, select Yes if the statement is true. Otherwise, select No.

NOTE: Each correct selection is worth one point.

### Answer Area

| Statements | Yes | No |
|---|---|---|
| For the platform as a service (PaaS) cloud service, updating the operating system is the responsibility of the customer. | ○ | ○ |
| For the infrastructure as a service (IaaS) cloud service, network control is the responsibility of Microsoft. | ○ | ○ |
| For the software as a service (SaaS) cloud service, identity management is a shared responsibility between the customer and Microsoft. | ○ | ○ |

The answers would be : No, No, Yes
Updating OS for PaaS is the responsibility of Microsoft. So the first one is false.
Network control for IaaS is the responsibility of the costumer. So the second one is false.
Identity management for SaaS is the shared responsibility. So the last one is correct.
